Household Composition

The following categories are based upon self-reported responses. The criteria for each category are below:

Number of Adults Who Are/Have

Chronically Homeless: People who indicated that they have experienced homelessness for at least a year, or repeatedly, while also struggling with a disabling condition.

Mental Illness: People who indicated that mental illness or a mental health condition contributed to their homelessness.

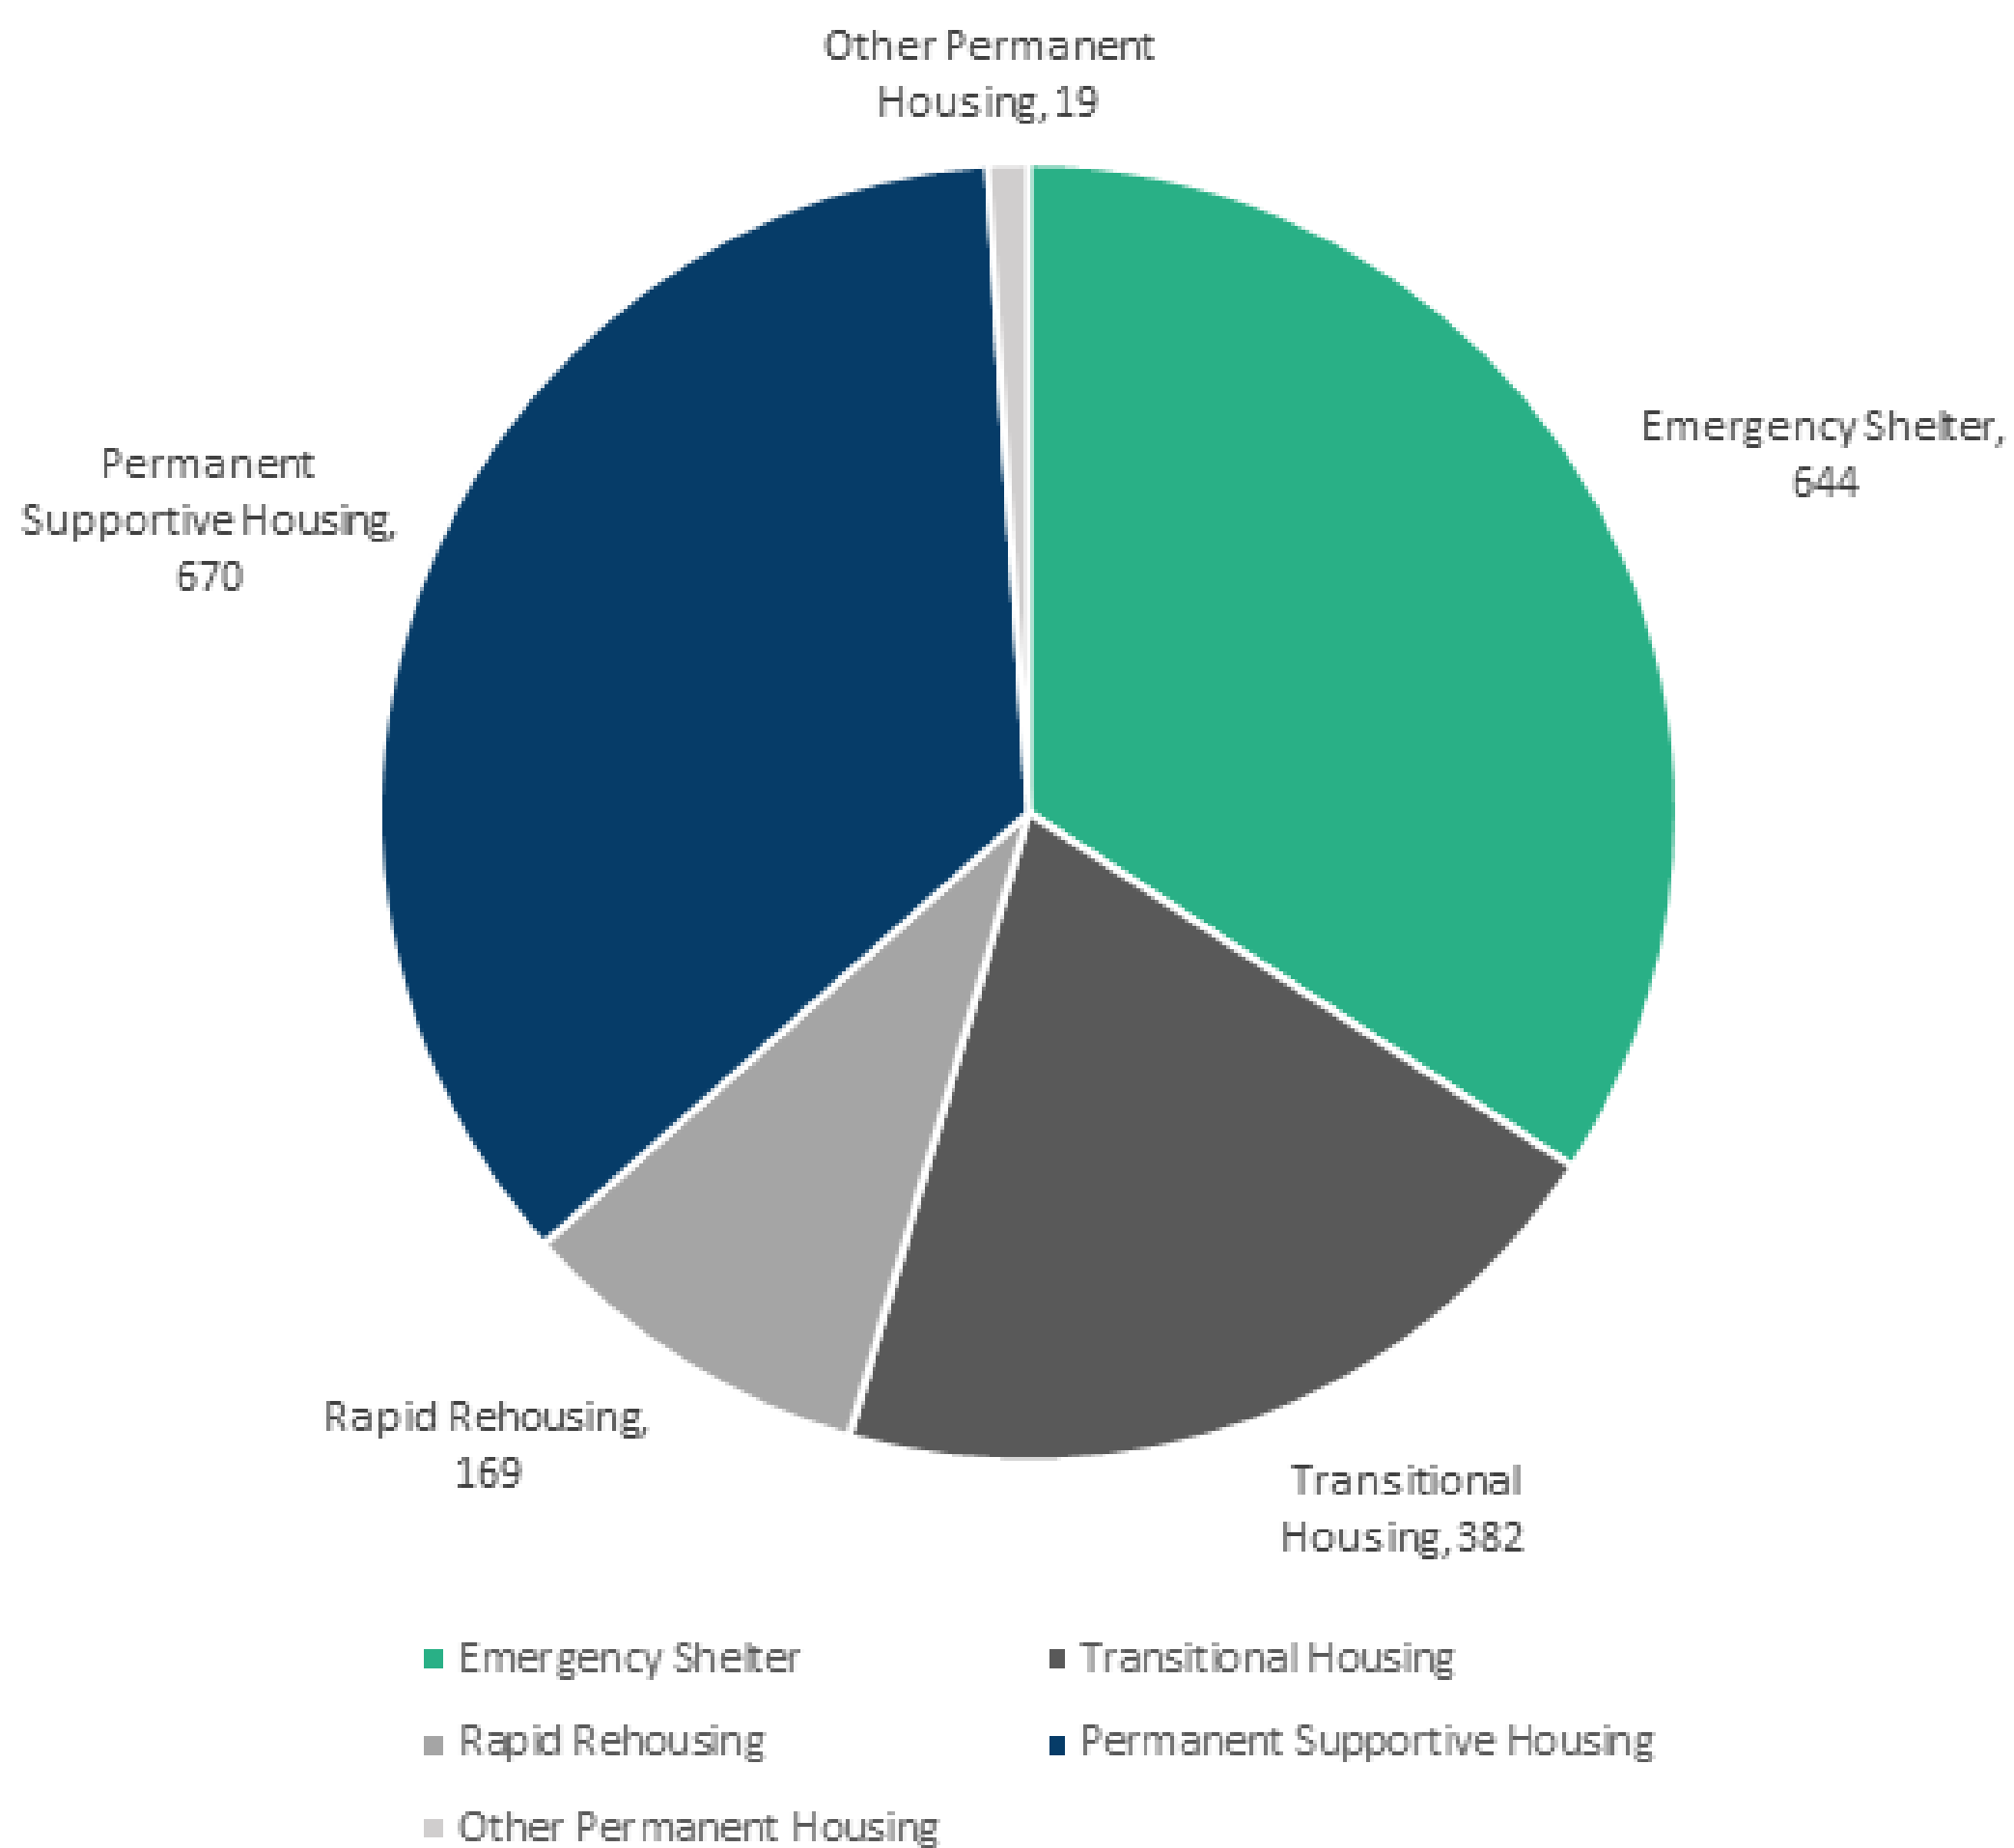

Substance Use Disorder: People who indicated that alcohol or drug use contributed to their homelessness.

HIV/AIDS Positive: People who indicated HIV/AIDS positive status at any point during the survey.

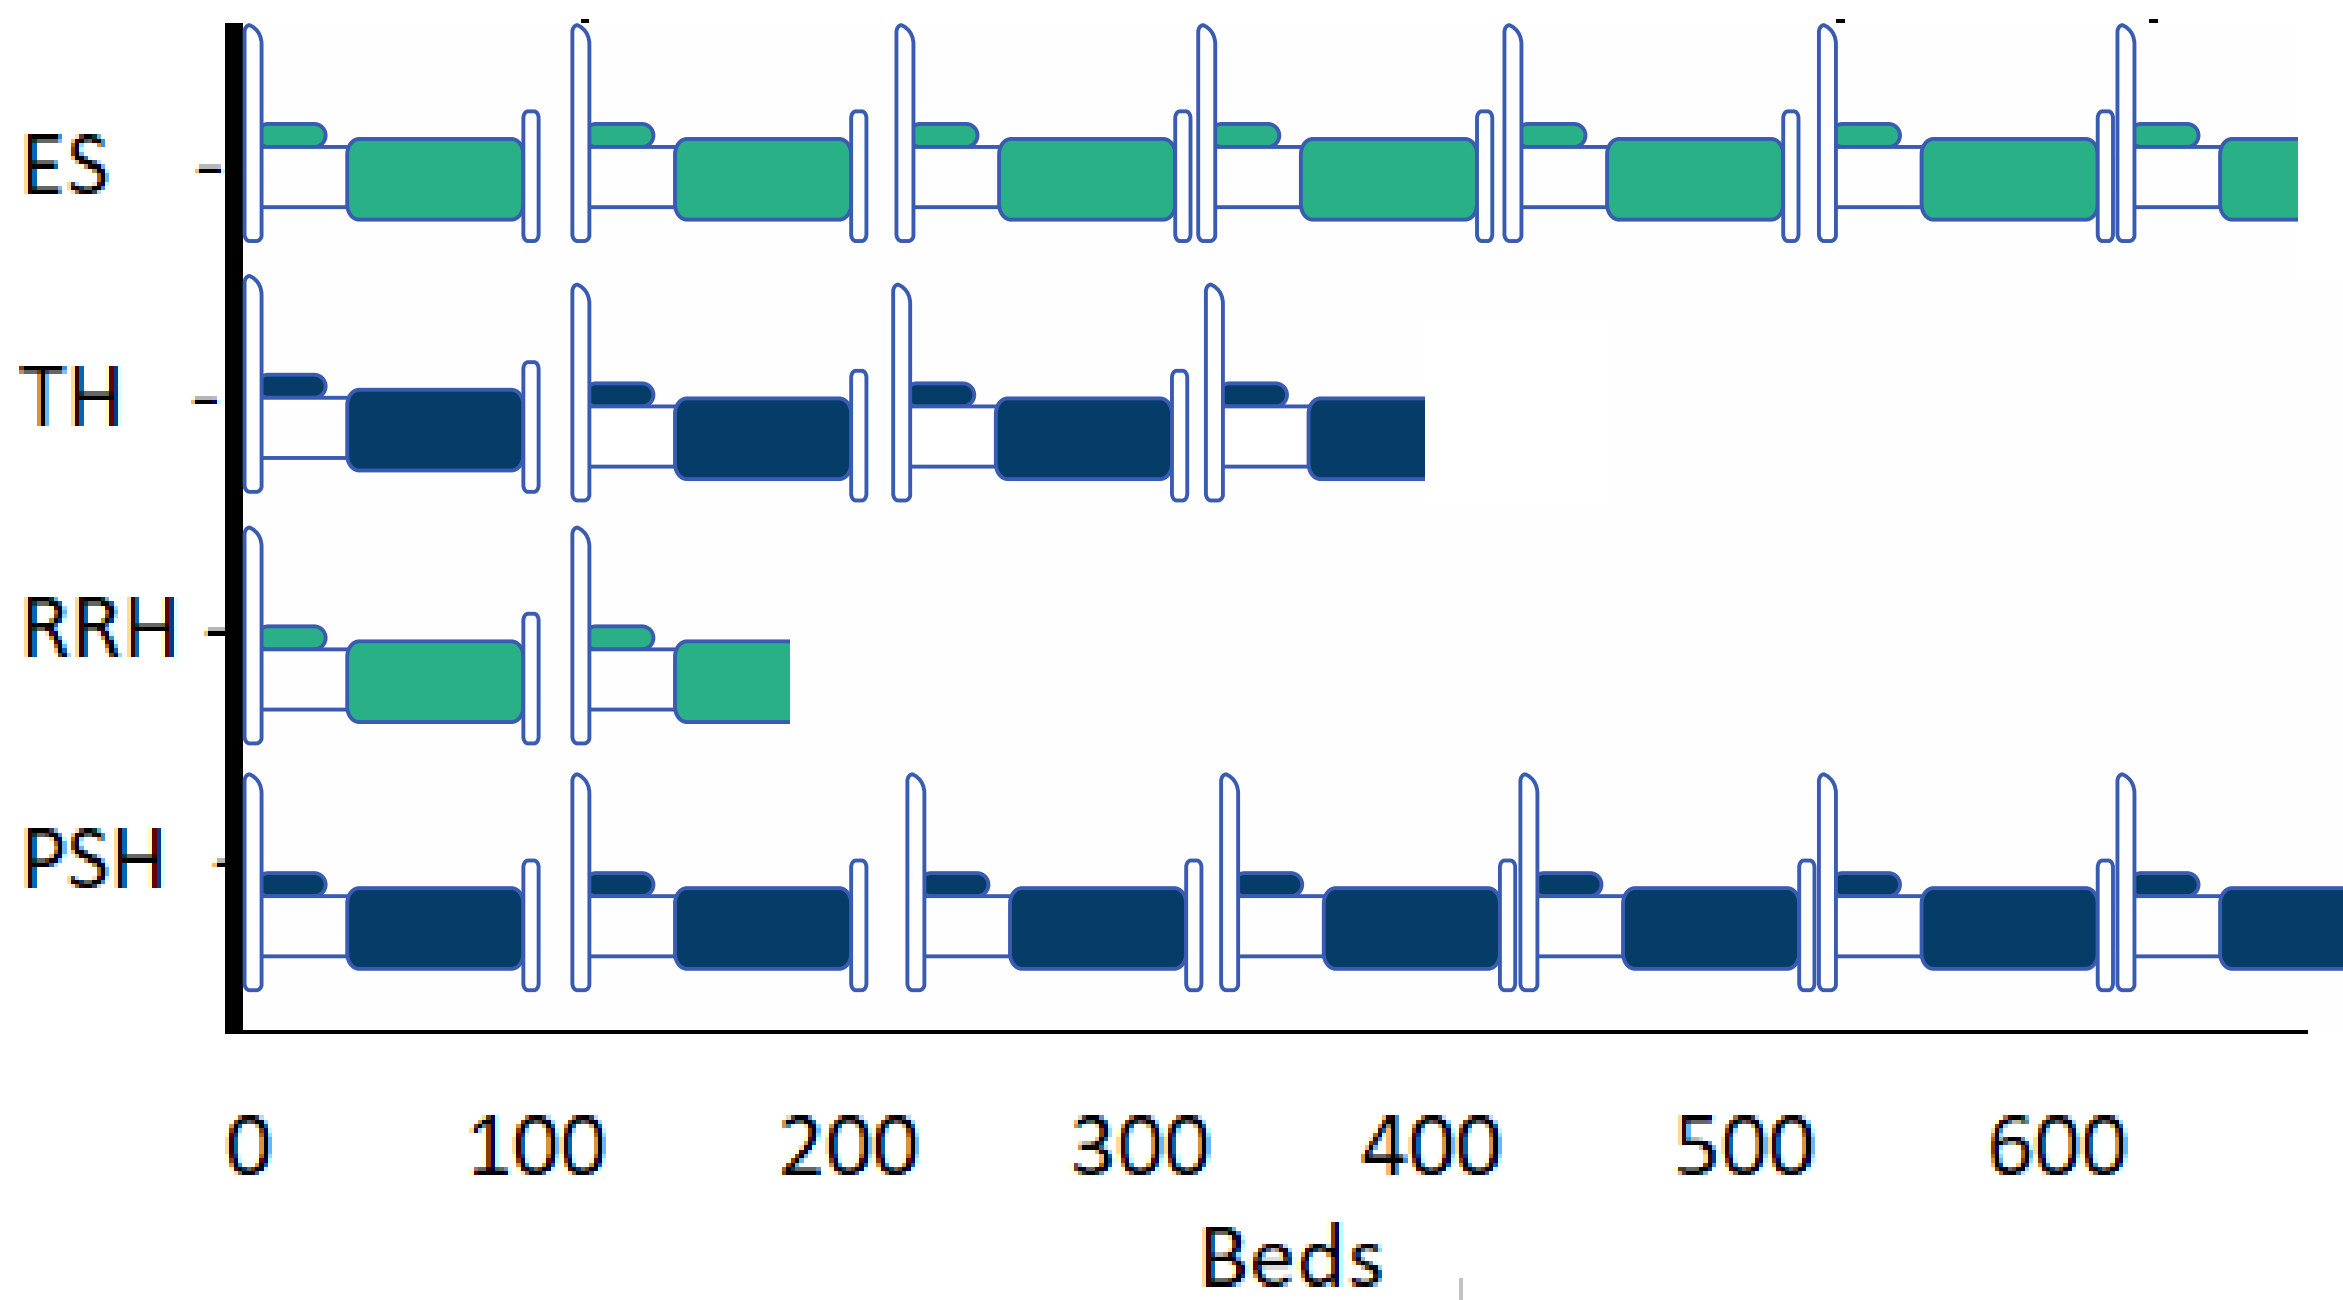

Survivors of Domestic Abuse: People who responded "Yes" when asked "Are you homeless right now because you are currently fleeing domestic violence, dating violence, sexual assault, or stalking?"
