

A program of Pathways to Housing PA

Sharing Recorded Trainings with Your Staff...

Please feel free to share the recorded trainings with your staff!

Suggested Ideas for Sharing Trainings with Staff:

- Watch the trainings as a team via Zoom or in-person, as permitted
- Share printed copies of slide deck and any other supplementary training materials
- Stop training video periodically and check-in with staff to answer questions and/or have brief discussion about the topics
- Hold a question-and-answer debriefing session after viewing the training
- Ask how staff members think they will be able to incorporate the principles of Housing First/Harm Reduction/Assertive Engagement in their current work

If your staff members have questions that you need further clarification to answer, please compile a list and send to Andrew Spiers, Director of Training & Technical Assistance, at
