FAITH AND HOUSING JUSTICE WEEKEND - EDUCATION PANEL FOR CLERGY

Housing Alliance Delaware invites clergy of all faiths to register for an educational panel on housing justice. Clergy are often on the front lines trying to provide help to congregants and community members in crisis. Come learn from local housing experts what resources are available to you in this important work.

Local housing experts will be discussing crucial housing issues, such as eviction proceedings, shelter access, and mortgage relief. Register today and reserve your spot so you can become a force for change in achieving safe, affordable housing for every Delawarean.
